Many, many adults name this book as their favorite Little Golden Book. Generations of kids have interacted with lovable, furry old Grover as he begs the reader not to turn the page—for fear of a monster at the end of the book. “Oh, I am so embarrassed,” he says on the last page . . . for, of course, the monster is Grover himself! This all-time favorite is now available as a Big Little Golden Book—perfect for lap-time reading.

The problem is that the books were illegally produced and distributed without any copyrights or royalties paid to the master composers who created these musical canons. Hal Leonard is very proud to present the first legitimate and legal editions of these books ever produced. You and your customers won't even notice th...

From Publishers Weekly

Kadushin, whose lush voice brought the heroine of Stephenie Meyers's *Twilight* series to life, does her best to inject some intrigue and mystery into this mile-wide, inch-deep compendium of random facts billed as a manual for everything that girls need to know, a selection from the bestselling book. Alas, the audio version, replete with time lines, 14 variations of how to play tag and sesquipedalian vocabulary words, sorely lacks dynamism. The brief historie...

Little Red Book of Selling: 12.5 Principles of Sales Greatness

From Publishers Weekly
